# HELLO SPRING SUMMER!

Welcome to Spring Summer 2024! Before we show you our gorgeous new season collection, I wanted to say a massive thank you to our retailers, new and existing, you are such a huge part of our journey!

This season we wanted to put a spotlight on thoughtful and fun pieces that share a little love and will be cherished by your customer forever. Our customer-adored Mother's Day, Bridal and Birthstone ranges have been refreshed for the new season, while brand-new adjustable rings join our Stacks Of Style Collection, meaning your customer can build their ring stack, their way.

No new season would be complete with our world-famous A Little Collection! With one sold every 30 seconds worldwide, its continued success has seen the introduction of even more sentiments, charms and gold-tone plated styles to the collection.

We're even bringing you Crystal Alphabet A Littles, which are exclusive to our US customers! Created to cater to every occasion, however big or small, our A Littles really are the beating heart of A Littles & Co., and are adored by our customers and influencers alike.

Step into our world and shop our new collection via our website wholesale. [alittlesandco.com](http://alittlesandco.com), where you can browse all that is new, or in person at one of our gorgeous showrooms where you can enjoy exclusive products and a goodie bag!). Book an appointment now to avoid missing out!

LOVE,  
KATIE LOXTON
